About

Chorus America is the advocacy, research, and leadership development organization that advances the choral field. We support and serve choral conductors, administrators, board members, and singers with tools, training, peer networking, and access so that choruses are better able to contribute to their communities.

More than 1,500 choruses, individuals, businesses, and organizations are members of Chorus America and have access to a wide array of programs, publications, research, and personal services developed for their benefit. These services strengthen their ability to build strong organizations that foster quality choral performances.

Members of Chorus America are eligible to participate in an awards program that honors inclusive excellence, artistic growth, creative and adventurous programming, education and outreach, selfless service, and generous philanthropy.

Awardees are recognized in several ways, including at our annual Conference, in the Voice magazine, and with video and other materials.

Eligibility Requirements

Each award specifies individualized criteria that applications must meet in order to be eligible. All award nominees must be members in good standing with Chorus America at the time of the application submission (deadline, January 26, 2023) and the awards presentations (June 2023).

Awards Programs and Changes for 2023

This year, Chorus America is resuming several of our awards that have been on hold because of the impact of the COVID-19 pandemic on the field. We recognize the pandemic’s past and ongoing impact on some award applications requirements; panels will keep this in mind when adjudicating award submissions.

The Louis Botto Award for Entrepreneurial Zeal and Innovative Action and the Michael Korn Award for the Development of the Professional Choral Art—two awards that honor leaders of professional choruses—will alternate every other year. The Michael Korn Award will be presented in 2023 and the Louis Botto Award will next be presented in 2024.

Application Process

The 2023 award program guidelines are available at www.chorusamerica.org/awards. Chorus America utilizes an online application portal (CAAP) https://apply-chorusamerica.smapply.io/. **Deadline to apply for awards is 11:59PM Eastern Time on Thursday, January 26, 2023.** Incomplete or late applications, or applications which do not follow the instructions, will be ineligible for review. Chorus America will not accept mailed, emailed, or hand-delivered copies of award applications.

Award Application Procedures:

1. Review the 2023 Guide to Awards and all the awards guidelines thoroughly to determine eligibility and application requirements.
2. Go to the Chorus America Application Portal (CAAP) and register for an account if you do not already have one. You will need to provide your full name, email address, a unique password, and your time zone. The CAAP log-in is **not** your chorusamerica.org log-in; however, you may choose to make it the same when registering.
3. Once you have registered you will receive a verification email from SurveyMonkey Apply (CAAP platform). You need to click on the confirm email address link to finalize your registration (this email may go to SPAM).
4. Once fully registered, please select the desired award and begin crafting the application.*
5. Complete the application questions and upload all required documents, supplementary materials, and work samples. Once everything is uploaded be sure to click the “Submit” button on the left side of the application portal.

*If you are applying for multiple awards you will need to complete separate applications per award.*

The application process is competitive and applicants are fully responsible for the content of their application. Submission does not guarantee an application’s eligibility or recommendation for awarding by the Advisory Review Panel. Chorus America staff is not permitted to make corrections to applications on behalf of applicants. Incomplete applications will not be forwarded to the Advisory Review Panel for consideration.

All applications are scored according to the award program’s specific criteria. Chorus America selects Advisory Review Panelists for each award program to make recommendations to the Chorus America Board of Directors. All eligible applications will be forwarded to the Advisory Review Panelists for evaluation and scoring based on the published criteria. Panelists will conduct a thorough review of all applications and convene as group to discuss the applications and finalize scores. Panelists are anonymous and the review is confidential.
Applicants will be notified of awards results in writing by Friday, March 31, 2023. Due to the confidential nature of our review panels, we are not able to give individual feedback to applicants.

Application and Work Samples

When creating an application, Chorus America recommends considering the following:

- Each award requirement is different, so be sure you read each award description, eligibility, and how to apply information.
- Refer to the award eligibility information on the website throughout the application process, and share it with anyone else who is working on the application.
- Make sure to answer all questions in the application and provide the requested work samples. These answers and support materials help the Advisory Review Panel ensure your application receives a fair review.
- Some awards require letters of recommendation. Those nominating will request the letter through the CAAP system as part of the application. Recommenders who receive the request then upload the letters directly into the CAAP system.
- Contact Chorus America if you are having questions on the application, CAAP, or process.

When preparing work samples and support materials, Chorus America recommends considering the following:

- Select recent, high quality samples that relate as directly to the application as possible.
- Uploaded pictures should be JPEGs with the resolution of at least 72 dpi.
- Uploaded audio files should be MP3s.
- The file upload limit is 80MB. If your work sample is larger than this, we encourage you to provide a link rather than compromise the quality of the work sample.
- Less is more. Oftentimes, adding more than the recommended number of work samples to your application will weaken the application.
- Advisory Review Panelists are required to review each applicant’s work samples; therefore, each work sample and document must be labeled clearly so that panelists can identify what they are reviewing.
- Digital File Format: All files should be labeled in the appropriate file extension (jpg, pdf, etc.)
- Do not send promotional work samples (e.g., highly-edited booking tapes).
- Do not send dark work samples or samples with poor visibility.
- A website is not a sufficient work sample. Only submit a website that is an essential part of the project.
- Provide all passwords or include any necessary information required to view your work sample such as plug-ins or navigation paths.
• Be sure that the links to websites or online materials are fully functioning and maintained throughout the year. An inoperative link to a website containing your work sample may negatively affect your application.
